7. WAYS OF PRACTICE

"Pedagogical practice" can be carried out both in the structural divisions of the RUDN University and in organizations in Moscow (stationary).

The practice program includes the preparation and conduct of practical (clinical) classes in the disciplines of the training profile with students of the 4th and 6th year of the training direction "General Medicine" attending classes and participating in their discussion, as well as organizing educational work with students .

Conducting an internship on the basis of an external organization (outside the RUDN University) is carried out on the basis of an appropriate agreement, which specifies the terms, place and conditions for conducting an internship in the base organization.

The terms of the practice correspond to the period indicated in the calendar study schedule of the postgraduate program. The timing of the internship can be adjusted upon agreement with the Department of Educational Policy and the Department for the organization of internships and employment of students at RUDN University.
