(код и наименование направления подготовки/специальности)

Освоение дисциплины ведется в рамках реализации основной профессиональной образовательной программы высшего образования (ОП ВО):

Бухгалтерский учет, внутренний контроль и аудит

(наименование (профиль/специализация) ОП ВО)

1. COURSE GOALS

The main purpose of the discipline – the "Corporate Social Responsibility" discipline is to master the concept of socially responsible business by students. Generalization of domestic and foreign experience of socially responsible behavior of business structures and the possibility of using it in modern socio-economic Russian conditions.

Tasks of the discipline: Achieving this goal involves solving the following tasks:

- acquiring knowledge on the theory of corporate social responsibility;
- familiarization with the experience of social participation of business in Russia and abroad;
- development of approaches to evaluate the effectiveness of corporate social programs;
- acquisition of skills to analyze typical non-financial reports of enterprises and familiarity with their structure.

2. REQUIREMENTS FOR THE RESULTS OF MASTERING THE DISCIPLINE

The development of the discipline "Corporate Social Responsibility" is aimed at the formation of the following competencies (parts of competencies) in students:

Table 2.1. List of competencies formed by students during the development of the discipline (results of the development of the discipline)

Code	Competence	Competence achievement indicators (within this course)
UC-2	Able to manage the project at all stages of its life cycle	UC-2.1 Formulates a problem, the solution of which is directly related to the achievement of the project goal; UC-2.2 Defines the links between the tasks set and the expected results of their solution; UC-2.3, Within the framework of the tasks set, determines the available resources and restrictions, the current legal norms; UC-2.4 Analyzes the schedule for the implementation of the project as a whole and chooses the optimal way to solve the tasks, based on the current legal norms and available resources and limitations; UC-2.5 Monitors the progress of the project, adjusts the schedule in accordance with the results of the control.

Code	Competence	Competence achievement indicators (within this course)
UC -4	Able to apply modern communication technologies in the state language of the Russian Federation and foreign language(s) for academic and professional interaction	UC -4.1 Chooses the style of business communication, depending on the language of communication, the purpose and conditions of partnership; UC -4.2 Adapts speech, communication style and sign language to interaction situations; UC -4.3 Searches for the necessary information to solve standard communication tasks in Russian and foreign languages; UC -4.4 Conducts business correspondence in Russian and foreign languages, taking into account the peculiarities of the style of official and unofficial letters and socio-cultural differences in the format of correspondence; UC -4.5 Uses dialogue for cooperation in academic communication, taking into account the personality of the interlocutors, their communicative-speech strategy and tactics, the degree of formality of the situation; UC -4.6 Forms and argues its own assessment of the main ideas of the participants of the dialogue (discussion) in accordance with the needs of joint activities.
UC -7	Unified universal competence in the field of information culture for the level of education Master's degree in all areas of training	UC-7.1 Searches for the necessary sources of information and data, perceives, analyzes, remembers and transmits information using digital means, as well as using algorithms when working with data obtained from various sources in order to effectively use the information received to solve problems; UC-7.2 Evaluates information, its reliability, builds logical conclusions based on incoming information and data.

3. THE PLACE OF DISCIPLINE IN THE STRUCTURE OF THE EP HE

The discipline "Corporate Social Responsibility" refers to the variable component formed by the participants of the educational relations of the block Б1.В.ДВ of the EP HE.

Within the framework of the EP HE, students also master other disciplines and/or practices that contribute to achieving the planned results of mastering the discipline "Corporate Social Responsibility".

Table 3.1. List of EP HE components contributing to the achievement of the planned results of mastering the discipline

Code	Competence name	Previous courses	Next courses
UC-2	Able to manage the project at all stages of its life cycle	Анализ и оценка бизнеса	Научно-исследовательская работа Подготовка к сдаче и сдача государственного экзамена Оформление, подготовка к процедуре защиты и защита выпускной квалификационной работы
