**Federal State Autonomous Educational Institution of Higher Education
"Peoples' Friendship University of Russia"**

Faculty of Philology

(name of the division realizing the PhD program)

Department of Foreign Languages

(name of the department realizing the PhD program)

COURSE SYLLABUS

Theoretical and Comparative Linguistics

(name of the discipline / module)

Specialties:

5.9.8. Theoretical, Applied and Comparative Linguistics

(code and name of the specialty)

PhD Programs:

Theoretical and Comparative Linguistics

(name of the PhD program)

1. OBJECTIVE OF THE DISCIPLINE (MODULE)

The objective of mastering the discipline "Theoretical and Comparative Linguistics" is the training of highly qualified scientific and scientific-pedagogical specialists, the formation and development of their competencies in accordance with the professional standard, as well as the preparation of the final original scientific research that contributes to the creation, expansion and development of scientific knowledge in the field of theoretical and comparative linguistics.

2. REQUIREMENTS TO PHD-STUDENTS ON FINISHING THE COURSE

The discipline "Theoretical and Comparative Linguistics" is aimed at forming the theoretical and methodological base necessary for the scientific, pedagogical and other professional activities of a postgraduate student, and is carried out during the second year of his studies. In addition, the discipline is aimed at preparing for the candidate's exam in the frame of scientific specialty 5.9.8. Theoretical, Applied and Comparative Linguistics.

As a result of mastering the discipline "Theoretical, Applied and Comparative Linguistics", a PhD student must:

Know: general researches on theoretical, applied, comparative and typological linguistics, as well as materials of the most prominent international and Russian conferences on modern linguistics.

Be able to: independently set and solve complex theoretical and applied problems in the field of comparative historical, typological and comparative linguistics; analyze the results of scientific activities of colleagues in the field under study; integrate and update the results of their own research within the scientific paradigm.

Possess: modern scientific paradigm in the field of linguistics and linguistics and the methodology of linguistic research.

3. THE SCOPE OF THE DISCIPLINE AND TYPES OF ACTIVITIES

The overall workload of the discipline 'Theoretical and Comparative Linguistics' is **3** credit units (108 academic hours). 1 credit unit is previewed for midterm attestation.

Table 3.1. Types of educational activities by periods of mastering the postgraduate program

Types of activities	Total hrs.	Semesters			
		1	2	3	4
Classroom activities (total), including:	38				
<i>Lectures (LC)</i>	19			19	
<i>Laboratory activities (LA)</i>					
<i>Practical lessons/Seminars (PC)</i>	19			19	
Independent work (total)	70			70	
Overall workload hours	108			108	
Credits	3			3	

4. CONTENT OF THE DISCIPLINE

Table 4.1. Content of the units of the discipline

Name of the discipline section	Contents of the section (topic)	Type of study work
Section 1. Theory of language, its place in the system of scientific knowledge. Language as an object of linguistics. Research methods and approaches	Theme 1.1. Language as an object of linguistics. Natural and artificial languages. Language functions. The sign nature of language	LC/SC
	Theme 1.2. Language, speech, speech activity.	LC/SC
	Theme 1.3. Language and thinking: interaction	LC/SC
	Theme 1.4. Language and society, language and culture	LC/SC
	Theme 1.5. Social stratification of language	LC/SC
	Theme 1.6. The origin of language. Plurality of languages	LC/SC
	Theme 1.7. Language, dialect, idiolect. Genealogical classification of languages	LC/SC
Section 2. Language internal structure: language levels and its basic units	Theme 2.1. Phonetics and phonology	LC/SC
	Theme 2.2. Morphology. Language morphological structure. Morpheme as the basic unit of the morphological level. Morphological analysis	LC/SC
	Theme 2.3. Morphology and phonology: basic concepts of morphonology.	LC/SC
	Theme 2.4. Morphology and syntax: expression of syntactic relations by morphological means. Syntactic grammatical categories	LC/SC
	Theme 2.5. Syntax. Syntax and morphology. Syntax and semantics (syntax semantics). Language and speech, competence and use. Structural syntax.	LC/SC
	Theme 2.6. Language sign. Lexical and grammatical meaning.	LC/SC
Section 3. Comparative and historical linguistics	Theme 3.1. Modern ideas about the genetic classification of world languages. Language families.	LC/SC
	Theme 3.2. The subject of Comparative and historical linguistics. Genetic relationship of languages. Genealogical Tree Theory, Wave Theory. The concept of "Proto-language".	LC/SC
	Theme 3.3. Principles of reconstruction of proto-linguistic states. Internal and external reconstruction. Verification Methods of reconstructions	LC/SC
	Theme 3.4. The principle of regular phonetic correspondences as the basis of comparative historical linguistics. Problems of reconstruction of vocal, consonant, accent and tonal systems. Correlation between phonetic reconstruction and phonetic typology	LC/SC
	Theme 3.5. Problems of morphological and syntactic reconstruction. The problem of stability in language development.	LC/SC
	Theme 3.6. Lexical reconstruction. Dictionary as a source of information about preliterate periods of	LC/SC

Name of the discipline section	Contents of the section (topic)	Type of study work	
Section 4. Typological linguistics: tasks, history, methods	history. The role of linguistic reconstruction for related disciplines. Basic principles of Etymology. Etymological dictionaries.		
	Theme 3.7. Traditional methods of genetic classification. Combining languages through collaborative innovation. Language family and language union.	LC/SC	
	Theme 3.8. The role of Indo-European studies in the development of the comparative and historical method. Modern view on the structure of the Proto-Indo-European language. Classification of Indo-European languages. Brief description of the main groups of Indo-European languages.	LC/SC	
	Theme 4.1. Object and method of typology. Typological classifications of languages. Language type and type in language.	LC/SC	
	Theme 4.2. Typology of grammatical categories	LC/SC	
	Theme 4.3. Syntactic typology	LC/SC	
	Theme 4.4. Semantic typology.	LC/SC	
	Theme 4.5. Typology of nominations.	LC/SC	
	Theme 4.6. Methods and directions of typology. Taxonomy, characterology, implication typology, explanatory typology. Formal / contextual typology. Diachronic typology. Types of language changes. Typology and comparative linguistics. Theoretical and applied problems of comparative research.	LC/SC	
	Theme 4.7. Comparative research methods. Criteria for comparing phonological, morphological, syntactic and lexical systems of languages. Comparative analysis of text structures	LC/SC	
	Section 5. Theory of Discourse. Discourse. Introduction to discourse analysis.	Theme 5.1. The concept of discourse. Discourse analysis as a branch of linguistics.	LC/SC
		Theme 5.2. Discourse as an object of interdisciplinary studies. Types of discursive phenomena: macrostructure, microstructure, the role of discursive factors at all language levels.	LC/SC
		Theme 5.3. Discourse and text. Intentional models of discourse. Scenarios. Narrative schemes. Grammar of discourse.	LC/SC
	Section 6. Language and culture. Language and personality. The social nature of language. Language and society. Sociolinguistics. Ethnolinguistics	Theme 6.1. Language and culture, language and personality.	LC/SC
		Theme 6.2. Intercultural communication. Language and communication; reflection of communicative goals in the structure of the language. Language and human activity: communication as a specific form of activity.	LC/SC
Theme 6.3. Methods of Sociolinguistics. Language as a social phenomenon. Macrosociolinguistics.		LC/SC	

Name of the discipline section	Contents of the section (topic)	Type of study work
Section 7. Language and speech activity. Psycholinguistics	Theme 6.4. Key concepts of Sociolinguistics: variability of idioms, diglossia and bilingualism, norm, loyalty, need, motivation, language policy and language planning.	LC/SC
	Theme 6.5. Subject of Ethnolinguistics. Language - Ethnos - Culture.	LC/SC
	Theme 7.1. Generation and speech perception	LC/SC
	Theme 7.2. Linguistic consciousness. Intercultural interaction.	LC/SC
	Theme 7.3. Theoretical and applied aspects of psycholinguistic research.	LC/SC

5. MATERIAL AND TECHNICAL SUPPORT

Table 5.1. Material and technical support of the discipline

Room Type	Room Equipment	Specialized educational / laboratory equipment, software and materials for mastering the discipline (if necessary)
Lecture Class	Room for lecture-type classes, equipped with a set of specialized furniture, board (screen) and technical / multimedia gadgets.	Not necessary
Class for Seminars	Room for seminar-type classes, equipped with a set of specialized furniture, board (screen) and technical / multimedia gadgets.	Not necessary
Computer Class	Computer class, equipped with a set of specialized furniture, board (screen) and technical / multimedia gadgets.	Not necessary
Self-Work Class	Room for self-working (can be used for lecture and seminars activities), equipped with a set of specialized furniture, board (screen) and technical / multimedia gadgets and computers with an access to EIPES.	Not necessary
