DESCRIPTION OF THE EDUCATIONAL PROGRAM

1. EDUCATIONAL PROGRAMME GOAL (MISSION)

The main goal of the Higher Educational Programme is to train lawyers, highly qualified specialists, both for the Russian Federation and other countries as well as for international organizations.

The Higher Educational Programme aims to develop students' personal qualities and forming generic, general professional competences (according to the Educational Standard of RUDN University) and professional competences established for the “Bachelor of Laws” (LLB) training profile.

The Higher Educational Programme contributes to developing fundamental legal knowledge and applied skills in the field of Russian law, as well as the major Western and Eastern legal traditions (Great Britain, Germany, France, USA, China, countries of the Arab World, etc.) and international legal regulation.

The comparative legal approach allows students to obtain relevant knowledge and skills for professional legal practice in various jurisdictions.

2. EDUCATIONAL PROGRAMME RELEVANCE, SPECIFICITY, AND UNIQUENESS

Level of higher education - Bachelor's degree in the field of Higher Education 40.03.01 "Jurisprudence", profile - Bachelor of Laws

Length of Educational Programme: 4 years (Full-time)

The Higher Education Programme workload is 240 credits

Profile Orientation.

The preparation of undergraduate students is focused on forming deep theoretical knowledge in the field of jurisprudence and preparing them to solve professional problems at a high level of proficiency.

The use of modules in the educational process and combining disciplines into blocks allows students to form a systematic understanding of the relationship between institutions and branches of law, as well as analyze their interaction with foreign legal systems.

Using the comparative legal method in teaching law to students, their acquisition of the skills used to compare legal norms, institutions, principles, law enforcement practice, and other elements of legal cultures, allows the undergraduates to form a comprehensive vision of modern law.

Being taught in English allows them to study legal phenomena in the original language and helps students acquire the skills of legal argumentation and teaches them to draft legal documents in a foreign language.

Compulsory Modules (Disciplines) include: Foreign Language / Russian Language (for foreign students); Foreign Language for Legal Purposes / Russian Language for Legal Purposes (for foreign students); Life Safety; Philosophy; Theory of State and Law; History of Russia; History of State and Law of Foreign Countries; History of the state and law of Russia; Information Technologies in Legal Practice (Fundamentals of Legal Tech); Foundations of Rhetoric and Communication; Fundamentals of Economics and Management; Administrative Law; Constitutional Law; Civil Law (*Basic provisions of civil law; Implementation and Protection of Civil Rights. Right of Ownership and Other in Rem Rights; Law of Obligations; Tort Law; Contract Law Intellectual Property Law Inheritance; Law Family*); Criminal Law; Civil and Arbitration Procedure; Criminal Procedure and Forensic Science; Financial Law and Tax Law;

International Public Law; Environmental Law and Land Law; Labor Law; International Private Law; Commercial Law and Corporations; Physical Culture.

University Modules (Disciplines) include: Second Foreign Language (practical course); Russian Legal System and Legal Traditions; Legal Research and Reasoning; Computer Science; Roman Law; Comparative Law Studies; Comparative Constitutional Law and Justice; Comparative Administrative Law and Justice; Comparative Criminal Law; Comparing Legal Techniques; Comparative Civil and Commercial Law; Comparative Criminal Procedure; Comparative Civil Procedure; Comparative Financial and Tax Law; Philosophy of Law; Logic for lawyers; Language and Law; Fundamentals of Public Speaking; Legal Documents in English; Academic Writing; Legal Argumentation; Critical Approaches to Current Legal Issues ; Civil Liberties and Human Rights; History of Political and Legal Doctrines; Fundamentals of Medicine Law; Law and Artificial Intelligence; Law and Bioethics; Data Regulation and Protection in Digital Age; Communications and Internet Law and Policy; Law and Neuroscience; Legal Design; Legal Tech: Advanced Course; Workshop "Procedural Documents in Civil Cases"; Workshop "Procedural Documents in Administrative Cases"; Workshop "Procedural Documents in Criminal Cases"; Workshop "Procedural Documents in International Disputes" ; Workshop "Procedural Documents in Constitutional Procedure"; Workshop "Negotiations and Contracts"

The Higher Education Programme venue is RUDN University (Peoples' Friendship University of Russia) Law Institute (Russia, Moscow).

3. LABOUR MARKET NEEDS FOR PERSONNEL TRAINING IN EDUCATIONAL PROGRAMME PROFILE

The demand for graduates of the Higher Education Programme in the labour market is one of the most important indicators of its effectiveness; it is ensured through interaction with potential employers of graduates and consumers of their services at the regional and federal levels.

Our regular partners are law enforcement agencies and courts, state and municipal authorities, organizations of the city of Moscow and the Moscow region as well as international consulting companies.

The generic, general professional and professional competencies formed by graduates allow them to successfully find employment in various positions within the legal profession.

Graduates of this Higher Education Programme can work in state and public organizations, work in courts of general jurisdiction, arbitration courts, prosecutors, ministries, advocacies, notaries, legal services, social security institutions and bodies, trade union bodies, legal departments.

5. SPECIAL REQUIREMENTS FOR POTENTIAL APPLICANTS

Description of the Educational Programme's prospective students:

- A state document on secondary (complete) general education or secondary vocational education.
- Results of the Unified State Examination in the following subjects (for Russian citizens):
 - ✓ Social studies,
 - ✓ History,
 - ✓ Russian language.

6. FEATURES OF EDUCATIONAL PROGRAMME IMPLEMENTATION

6.1. The Higher Education Programme is implemented using e-learning / remote teaching technologies. The program also uses the Telecommunication Educational and Information System

of RUDN University (TUIS), as well as other resources of the Unified Electronic Information and Educational Environment of the University for its implementation.

6.2. The Higher Education Programme is taught in English

6.3. The Higher Education Programme is adapted for teaching people with disablement and disabilities.

6.4. The Higher Education Programme is implemented by the RUDN University (Peoples' Friendship University of Russia).

Partner organisations involved in the Educational Programme (*educational and scientific organisations, manufacturing enterprises, etc.*):

Name of partner organisation	Interaction functionality (<i>students' research at a partner organisation, internships, etc.</i>)
Moscow Arbitration Court	Student internships
Moscow City Duma	Student internships
Moscow Prosecutor's Office	Student internships
Ministry of Justice of the Russian Federation	Student internships
All-Russian Public Organization "Russian Red Cross"	Student internships
Russian Railways	Student internships
Investigative Committee of the Russian Federation	Student internships
Legal Partnership (Moscow Bar Association)	Student internships
Moscow City Bar Association "Moscow Guild of Advocates and Lawyers"	Student internships
Moscow Bar Association "Murkshtis, Kalinenko and Partners"	Student internships

6.5. Information on the planned introductory/advanced field internships and research & development internships

Internship*	Internship location (<i>organisation name and location</i>)
Orientation internship (introductory, intramural)	Federation Council of the Federal Assembly of the Russian Federation State Duma of the Federal Assembly of the Russian Federation The Ministry of Foreign Affairs of the Russian Federation Moscow City Duma Moscow Regional Duma Government of the Moscow Region Local self-government bodies of Moscow and the Moscow region
Technological - Investigative and Prosecutorial (advanced field internship, industrial, extramural)	Investigative Committee of the Russian Federation Ministry of Justice of the Russian Federation Moscow Prosecutor's Office
Technological - Judicial(advanced field internship, industrial, extramural)	Moscow Arbitration Court Arbitration Court of the Moscow Region Office of the Judicial Department in Moscow Moscow Regional Court
Pre-graduation internship	Law Institute

* The section should indicate the type (introductory/advanced field internship), the kind (orientation, technological, research, pre-graduate, etc.), and the mode (intramural/ extramural) of internship.

The learning process uses RUDN Telecommunication Educational and Information System.

7. CHARACTERISTICS OF EDUCATIONAL PROGRAMME GRADUATE'S PROFESSIONAL ACTIVITIES

7.1. The field(s) of professional activities of the Educational Programme graduate where they can carry out their professional activities

Jurisprudence (in the areas of development and implementation of legal norms; ensuring law and order; providing legal assistance to individuals and entities).

Graduates can carry out professional activities in other fields and areas, provided that their level of education and acquired competencies meet the requirements for the employee qualification.

7.2. Type(s) of professional tasks which the graduate is trained to solve when mastering the Educational Programme:

Rulemaking

Implementation of law

Law enforcement

Legal expertise and consulting

OBJECTIVES OF BACHELOR'S PROFESSIONAL ACTIVITY

A graduate of the Educational Programme of Higher Education is ready to solve the following professional tasks:

a) Rulemaking:

- Drafting normative legal acts for various levels of rulemaking and professional areas;

б) Implementation of law:

- qualified implementation of legal norms in specific legal areas, using results of law implementation in the form prescribed by law;

в) Law enforcement:

- using the functions and authority to ensure the security of the individual, society and the state;
- order and law enforcement;
- protection of human and civil rights and freedoms;

г) Legal expertise and consulting:

- providing legal assistance to citizens and organizations;
- providing other types of legal services;
- consultations in specific areas of legal practice;
- preparation of expert professional reports.

8. REQUIREMENTS FOR EDUCATIONAL PROGRAMME OUTCOMES

8.1. Upon completion of the Educational Programme, the graduate is expected to acquire the following Generic Competences (GCs):

Code and descriptor of competence	Code and competence level indicator

	Generic Competences:
Systems and Critical Thinking	
GC-1. Can search for information, perform its critical analysis and synthesis, apply systematic approach to complete the tasks.	GC-1.1. Analyzes the task while identifying its basic components; GC-1.2. Identifies and ranks the information required to complete the tasks; GC-1.3. Searches for information and performs its rational analysis to complete the task based on various types of requests; GC-1.4. Offers options for problem solving and analyzes the possible consequences of using them; GC-1.5. Analyzes various ways of solving worldview-related, moral and personal problems based on the use of fundamental philosophical ideas and categories in their historical development and sociocultural context.
Project Development and Implementation	
GC-2. Can specify the range of tasks within the goal and choose the best ways to complete them based on the current legal norms, available resources and restrictions.	GC-2.1. Identifies and formulates the solution to a problem directly related to achieving the project goal; GC-2.2. Identifies the connections between the tasks and the expected results of their completion; GC-2.3. Identifies the available resources, restrictions and the current legal norms based on the tasks given; GC-2.4. Develops and analyzes the project implementation schedule and chooses the best way to complete the tasks based on the current legal norms and the available resources and restrictions; GC-2.5. Controls the project implementation progress, adjusts the schedule according to the control results.
Teamwork and Leadership	
GC-3. Is capable of social interaction, can fulfill the necessary role in a team.	GC-3.1. Understands the effectiveness of using the cooperation strategy to achieve the goal, identifies their role in a team based on the cooperation strategy to achieve the goal; GC-3.2. Considers the behavior of social groups that they interact with, depending on the goal; GC-3.3. Analyzes the possible consequences of their actions and plans them accordingly to achieve the necessary result, considering the role played in the team; GC-3.4. Interacts with other team members in a constructive way by sharing information, knowledge and experience with them; GC-3.5. Explains their point of view regarding the use of other team members' ideas to achieve the goal.
Communication	
GC-4. Is capable of interpersonal and intercultural communication in Russian as a foreign language as well as in foreign languages based on the mastery of interconnected and interdependent passive and active language skills such as listening, speaking, reading, writing and translation in everyday situations, sociocultural, educational and professional,	GC-4.1. Chooses the style of business communication depending on the language of communication, the goals and conditions of the partnership; GC-4.2. Adjusts speech, communication style and body language to the interaction; GC-4.3. Searches for the information necessary to solve standard communicative tasks in Russian and foreign languages; GC-4.4. Translates professional texts from a foreign language into Russian and vice versa; GC-4.5. Is capable of correspondence in Russian and foreign languages considering the specifics of formal and informal writing as well as sociocultural differences in the correspondence format; GC-4.6. Uses dialogue to collaborate in an academic setting considering the personality of the speakers, their communicative strategy and tactics, as well as the formality of the situation;

formal, business and academic communication settings.	GC-4.7. Formulates and explains their assessment of the main ideas of the dialogue (discussion) participants according to the needs of joint activities.
Cross-Cultural Interaction	
GC-5. Can comprehend the cross-cultural diversity in the sociohistorical, ethical and philosophical contexts.	GC-5.1. Interprets the history of Russia in the context of global historical development; GC-5.2. Demonstrates tolerant perception of social and cultural differences, respectful and careful attitude to the historic heritage and cultural traditions; GC-5.3. Considers the historic heritage and sociocultural traditions of various social groups, ethnic groups and confessions, including world religions, philosophical and ethical teachings in social and professional interaction; GC-5.4. Follows the principles of non-discriminatory interaction in personal and mass communication to complete professional tasks and improve social integration.
Self-Organization and Personal development	
GC-6. Can manage their time, build and implement a personal development plan based on the principles of lifelong learning.	GC-6.1. Develops and uses tools and methods of time management and control to complete specific tasks, projects, goals; GC-6.2. Analyzes the main opportunities and tools of continuing education based on their interests and needs, considering such criteria as conditions, tools, personal opportunities, career growth stages, personal development timeframe and labor market requirements; GC-6.3. Sets personal development goals and professional growth priorities;
Health Preservation	
GC-7. Can maintain the proper level of physical fitness to ensure fulfillment in social and professional areas.	GC-7.1. Chooses the health-preservation techniques to maintain a healthy lifestyle, considering the physiological characteristics of the body; GC-7.2. Plans their work and free time to ensure the efficiency as well as the optimal combination of physical and mental stress load; GC-7.3. Follows and promotes the healthy lifestyle in various life situations and professional settings.
Life safety	
GC-8. Can create and maintain safe living environment in everyday life and in professional settings to preserve the nature, ensure the sustainable societal development, being capable of doing so in the events of a threat, emergencies and military conflicts.	GC-8.1. Analyzes the factors of detrimental influence on the life of environmental elements (devices, technological processes, materials, buildings and structures, natural and social phenomena); GC-8.2. Identifies hazardous and harmful factors within the task they are performing; GC-8.3. Identifies and eliminates the problems associated with safety violations in the workplace; GC-8.4. Takes measures to prevent the occurrence of emergencies in the workplace; GC-8.5. Complies with the rules of conduct in the event of natural and man-made emergencies, as well as in the event of military conflicts.
Inclusive Skills	
GC-9. Can use basic therapeutic pedagogy knowledge in social and professional areas.	GC-9.1. Knows the principles of non-discriminatory interaction while communicating in various settings, considering the social and psychological characteristics of persons with disabilities; GC-9.2. Plans and engages in professional activities with persons with disabilities or limited health opportunities, considering their social and psychological characteristics; GC-9.3. Interacts efficiently with persons with disabilities or disablement in social and professional settings.
General Economic Competences	

GC-10. Can make informed economic decisions in various areas of life.	GC-10.1. Understands the basic principles of the economy and economic development, the goals and forms of government involvement in the economy; GC-10.2. Applies personal economic and financial planning methods to achieve the current and long-term financial goals; GC-10.3. Uses financial instruments to manage personal finances (personal budget), controls their economic and financial risks.
Good Citizenship	
GC-11. Is capable of forming a zero-tolerance attitude towards manifestations of extremism, terrorism, corrupt behavior and fight against it in professional activities.	GC-11.1. Analyzes the current legal norms that promote the fight against extremism, terrorism, corruption in various areas of life, as well as ways to prevent extremism, terrorism, corruption and form a zero-tolerance attitude towards it including in the field of professional activity; GC-11.2. Assesses the risks of extremism, terrorism, and corrupt behavior in professional activities in order to prevent and fight against it; GC-11.3. Follows the rules of social interaction based on compliance with the current legislation and a zero-tolerance attitude towards extremism, terrorism, corruption and fight against it in professional activities.
Digital Literacy	
GC-12. Can find the necessary information sources and data, comprehend, analyze, memorize and transfer information using digital devices and algorithms, use various types of information from different sources to solve problems in an efficient way; evaluates the information, its authenticity, infer and deduct based on the input data and information	GC-12.1. Searches for the necessary information sources and data, comprehends, analyzes, memorizes and transfers information using digital devices and algorithms, uses various types of information from different sources to solve problems in an efficient way GC-12.2. Evaluates the information, its authenticity, infers and deducts based on the input data and information

8.2. Upon completion of the Educational Programme, the graduate is expected to acquire the following general professional competences (GPCs):

Code and descriptor of competence	Code and competence level indicator
Legal Analysis	
GPC-1. Can analyze the main patterns of formation, implementation and development of law.	GPC-1.1. Knows the basics of the history of law, its nature and patterns; GPC-1.2. Uses legal methodology in order to analyze the main patterns of formation, implementation and development of law; GPC-1.3. Formulates and explains their position to complete professional tasks using relevant legal information
Legal Problem Solving	
GPC-2. Can apply the norms of substantive and procedural law to solve professional problems.	GPC-2.1. Knows the system of branches, institutions and sources of law, understands the specifics of implementation and interaction of norms of substantive and procedural law; GPC-2.2. Identifies and analyzes facts of law, legally significant facts and circumstances to apply specific norms of substantive and procedural law; GPC-2.3. Makes legally relevant decisions and formalizes them in strict accordance with the norms of substantive and procedural law.
Legal Review	
GPC-3. Can participate in legal review within the task.	GPC-3.1. Understands the nature and significance of legal review; GPC-3.2. Takes part in the legal review of regulatory acts and implementation of law, can do so to identify provisions that do not comply with the current legislation;

	GPC-3.3. Has mastered the skills to prepare documents on appointing and conducting the review, preparing expert reports and other documents.
Legal Interpretation	
GPC-4. Can interpret legal norms in a professional way.	GPC-4.1. Understands the nature and significance of legal norms and their interpretation in the legal profession; GPC-4.2. Has mastered the skills to apply various methods of interpreting laws, identify conflicts of laws and gaps in legal regulation; GPC-4.3. Masters the skills of presenting the results of legal interpretation and using them in implementation of law.
Legal Argumentation	
GPC-5. Can use their speaking and writing skills in a cohesive, well-reasoned and logical way with a uniform and correct use of professional legal terminology.	GPC-5.1. Has mastered the main methods of formal logic and tactical methods of legal argumentation to express their oral and written position on a specific legal problem; GPC-5.2. Uses their speaking and writing skills in a cohesive, well-reasoned and logical way to set out the facts and circumstances, states their legal position; GPC-5.3. Correctly uses legal terminology in professional communication.
Legal Writing	
GPC-6. Can participate in the process of drafting regulatory acts and other legal documents.	GPC-6.1. Identifies the necessity of drafting legal acts and other legal documents as well as their affiliated branch; GPC-6.2. Highlights and considers the features of various types of regulatory acts and other legal documents; GPC-6.3. Applies the legal techniques and rules to draft regulatory acts and other legal documents
Professional Ethics	
GPC-7. Can comply with the principles of legal ethics, doing so in terms of anti-corruption behavior standards.	GPC-7.1. Is ready to carry out professional duties in an honest way and good faith based on the principles of legality, impartiality and justice, with respect and dignity, protecting human and civil rights and freedoms; GPC-7.2. Demonstrates a high level of personal and legal culture, maintains high levels of professional expertise and qualifications; GPC-7.3. Identifies corruption risks, assesses and prevents corrupt behavior, develops and implements measures to identify and eliminate conflicts of interest.
Information Technology	
GPC-8. Can obtain relevant legal information in a purposeful and efficient way from various sources, including legal databases, to complete specific professional tasks using information technology and considering information security requirements.	GPC-8.1. Can obtain relevant legal information from various sources, including legal databases, processes and arranges it based on the goal; GPC-8.2. Uses information technology to complete specific professional tasks; GPC-8.3. Demonstrates the readiness to complete professional tasks while considering information security requirements.
GPC-9. Can understand the principles of modern information technology and use them to complete professional tasks.	GPC-9.1. Is aware of modern hardware and software and knows the principles, based on which they operate; GPC-9.2. Knows how to choose modern technology necessary to solve specific professional problems; GPC-9.3. Has mastered the skills of using modern technology necessary to solve specific professional problems.

8.3. Upon completion of the Educational Programme, the graduate is expected to acquire the following professional competences (PCs)* :

Code and descriptor of competence	Code and competence level indicator
Rulemaking:	
PC-1. Can draft regulatory acts, formulate legal norms for various levels of rulemaking and areas of professional activity.	PC-1.1. Identifies the societal need for legal regulations of public relations in a particular area as well as gaps and conflicts in the current legislation and has the tools to overcome and eliminate them; PC-1.2. Understands the nature and levels of rulemaking, identifies the stages and actors in the rulemaking procedure; PC-1.3. Identifies the role and competence of rulemaking procedure actors, assesses the legitimacy of their decisions and actions; PC-1.4. Demonstrates the knowledge of the fundamental legislative techniques used in developing regulatory acts; PC-1.5. Understands the importance of legal review of regulatory acts, is able to take part in it.
Implementation of Law	
PC-2. Can apply legal norms in specific legal areas and use them in the way prescribed by law	PC-2.1. Demonstrates specific knowledge of the implementation of law, knows the procedure for carrying out the duties of jurisdictional bodies responsible for the implementation of law; PC-2.2. Has mastered the skills of analyzing the facts of the case, qualifying the facts of law and legal relations that arise due to them, identifies legally significant circumstances; PC-2.3. Carries out the correct choice of the legal norm to be applied and the method of its interpretation; PC-2.4. Has mastered the methods of searching for cases of implementation of law and monitoring it in order to complete professional tasks; PC-2.5. Develops options for legal actions in strict accordance with the legislation and makes decisions in the form prescribed by law.
Law Enforcement:	
PC-3. Can engage in law enforcement, is capable of having the functions and authority to ensure security, law and order, to protect human and civil rights and freedoms	PC-3.1. Has mastered the methods of detection, prevention, disclosure and investigation of crimes and other offenses; PC-3.2. Has mastered the skills of categorizing crimes and other offenses; PC-3.3. Knows and has mastered the ways and methods of informing and protecting the rights and freedoms as well as the interests of citizens and organizations protected by law; PC-3.4. Is able to present the results of detecting, preventing, investigating and solving crimes and other offenses in legal and other types of documents, analyzes their professional activities, identifies and eliminates the causes and conditions that contribute to committing crimes and other offenses, while also using the international experience
Expertise and Consulting:	
PC-4. Can provide legal assistance to citizens and organizations and other types of legal services, to provide qualified professional opinions and advice in specific legal areas	PC-4.1. Has mastered communication skills used with citizens and organizations to identify and formulate a legal problem as well as establish legally significant circumstances; PC-4.2. Identifies the methods of solving specific legal issues provided by law, based on the obtained analytical data, assesses their risks, advantages and disadvantages in a correct way, and develops a plan for their implementation; PC-4.3. Knows and applies the rules needed to prepare a legal opinion and provide consultations; PC-4.4. Knows and follows the principles of professional ethics as well as the rules of effective communication while providing legal assistance and services.

Comparative Law	
<p>PC-5 Is able to apply the comparative legal method and use the knowledge of foreign legal systems in practice.</p>	<p>PC-5.1. Knows the specifics of the comparative legal method and the features of its use in legal practice; PC-5.2. Knows the specifics of the legal systems, judicial systems, the legal profession structure in the major countries and the main trends of law development in the modern world; PC-5.3. Can use the comparative legal method to identify general and specific features of the compared objects and search for unified legal solutions; PC-5.4. Masters the skills of using the comparative legal method and the results of comparative legal research when comparing various legal solutions and deciding on best practice, considering the international experience.</p>
