PEDAGOGICAL TRAINING

Specialties:

5.9.2. Literature of the Peoples of the World
5.9.8. Theoretical, Applied and Comparative Linguistics
5.9.9. Media Communications and Journalism

(code and name of scientific specialty)

Practical training of students is carried out as part of the implementation of the PhD program:

Literature of the Peoples of the World
Theoretical, Applied and Comparative Linguistics
Media Communications and Journalism

(name of postgraduate program)

1. OBJECTIVE OF THE TRAINING

The aim of the "Pedagogical Training" is to develop professional competencies through direct participation in pedagogical work, as well as the acquisition of professional competencies necessary to work in the professional sphere.

Main objectives: consolidation of knowledge and skills acquired in the process of studying the disciplines of the scientific specialty "Media communications and journalism"; formation of postgraduate students' motivation for pedagogical activity; acquisition of experience of independent pedagogical activity; acquisition of additional information on modern means and technologies of teaching and education in Higher School.

2. REQUIREMENTS TO PHD-STUDENTS ON FINISHING THE TRAINING

Pedagogical practice is aimed at mastering the competences of scientific-methodological and teaching-methodological work: skills of structuring and psychologically competent transformation of scientific knowledge into educational material, systematization of educational and training tasks; methods and techniques of compiling tasks, exercises, tests on various topics, oral and written presentation of subject material, a variety of educational technologies. As a result of pedagogical practice postgraduate student should have the following professional competences:

- ability to make independent motivated decisions in non-standard professional situations and readiness to bear the consequences for their consequences;
- the ability to implement and evaluate the educational process taking into account the specific educational context;
- the ability to reasonably select and effectively use modern educational technologies, methods and means of education, the purpose of ensuring the planned level of personal and professional development of the student in higher education programmes;
- ability to develop comprehensive methodological support of educational disciplines (modules) taking into account international best practices.

3. SCOPE OF THE TRAINING AND TYPES OF ACTIVITIES

The overall workload of the Pedagogical Training is 5 credits (180 academic hours).

4. RESEARCH STAGES

*Table 4.1. Stages of Pedagogical Practice **

Stages of practice	Content of the units(topics)	Workload hours
Section 1. Introduction	Introductory Meeting: giving instructions on the forms, types of work during pedagogical training	2
	Instructions on safety regulations at workplace	2
	Pedagogical practice necessary documentation	2
Section 2. General Activities	Postgraduate student visit classes of the supervisor, as well as classes of other teachers of the department as agreed with the supervisor in order to observe the learning process, get acquainted with the forms and methods of teachers' training sessions (lectures, seminars, practical classes, tests, exams, etc.).	36
	Preparation of didactic and illustrative materials, computer presentations, development and duplication of handouts for students.	30
	Reading specialised and educational-methodological literature and compiling methodological developments for each of the planned lesson topics, including a detailed plan, scenario of each lesson	20
	Teaching classes (lectures, seminars, practical classes on the topics of the postgraduate programme and other types of work) according to the pre-arranged schedule of the postgraduate pedagogical practice	36
	Analysis of each delivered session in discussion with the subject supervisor and other teachers who were present at the session	5
	Supervisor current assessment	7
	Completion of pedagogical practice diary by a postgraduate student with indication of dates and types of work performed during the preparatory stage of practice.	5
	Consultation with department pedagogical staff	5
	Editing the practice report	15
Submitting and defending the practice report	15	
TOTAL:		180

5. MATERIAL AND TECHNICAL SUPPORT

The place of pedagogical training shall comply with the current sanitary and epidemiological requirements, fire safety regulations and standards of health protection of the students.

It requires classrooms that meet the safety requirements for academic work, if necessary, a computer room with workstations that provide Internet connection, as well as classrooms with multimedia equipment.

6. METHODOLOGICAL SUPPORT AND LEARNING MATERIALS

Pedagogical training can be carried out both in structural subdivisions of RUDN University or in organizations of Moscow (stationary), and at bases located outside of Moscow (exit).

Conducting scientific research on the basis of an external organization (outside RUDN University) is carried out on the basis of an appropriate agreement, which specifies the terms, place and conditions for performing scientific research in the base organization.

The deadlines for the implementation of scientific research correspond to the period indicated in the calendar academic schedule of the postgraduate program. Practice dates can be adjusted in coordination with the Department for the Training of Highly Qualified Personnel of the RUDN University.
