**PEOPLES' FRIENDSHIP UNIVERSITY OF RUSSIA
NAMED AFTER PATRICE LUMUMBA**

Institute of Environmental Engineering

educational division (faculty/institute/academy) as higher education programme developer

COURSE SYLLABUS

Humanitarian Ecology

course title

Recommended by the Didactic Council for the Education Field of:

44.04.02 Psychological and Pedagogical Education

field of studies / speciality code and title

The course instruction is implemented within the professional education programme of higher education:

Environmental Pedagogy

higher education programme profile/specialisation title

Moscow, 2023

1. Course Aims and Objectives

The aim of the course: is to introduce students to environmental culture and humanitarian methods in professional environmental activities.

Objectives:

- disclosure of contradictions between society and nature;
- study of the main ways of interaction between society and nature;
- analysis of the concept of sustainable development;
- acquaintance with V.I. Vernadsky's doctrine of the biosphere as methodological basis of Humanitarian Ecology;
- disclosure of philosophical, psychological and pedagogical components of Humanitarian Ecology;
- development of environmental culture of future specialists;
- providing knowledge of the moral and ethical potential of nature through technologies of axiological content.

2. Course in the Higher Education Programme Structure

The course «**Humanitarian Ecology**» refers to the optional disciplines.

Table 1. Previous and subsequent courses aimed at building up competences

Nr.	Competence code and title	Previous courses	Subsequent courses
General competences			
1	GC-5 Able to analyze and take into account the diversity of cultures in the process of intercultural interaction. GC-6 Able to identify and implement the priorities of their own activities and ways to improve it based on self-esteem.	Environmental Culture Social Ecology	Environmental Ethics
