field of studies / speciality code and title

**The course instruction is implemented within the professional education programme of
higher education:**

Legal Translation and Interpreting

higher education programme profile/specialisation title

2026

COURSE SYLLABUS

1. COURSE GOALS

The main purpose is to introduce students to Criminal Law as one of the professional disciplines necessary for mastering legal interpreting skills. This course offers an introduction to the basic concepts of Criminal Law as well as methods of interpreting analysis of texts pertaining to the given legal domain. The content of the course is designed to familiarize the students with those concepts and analytical tools they may require for translation practice of relevant legal documents. In addition, it attempts to provide an overview of the field that enables students to seek answers for further questions about administrative law and to start formulating and pursuing their own research interests in legal language domain.

2. REQUIREMENTS FOR LEARNING OUTCOMES

Mastering the course is aimed at the development of the following professional competences:

Table 2.1. List of competences that students acquire through the course study

Competence code	Competence descriptor	Competence formation indicators (within this course)
GPC-5	Can carry out interlingual and intercultural interaction in accordance with the conventions of speech communication in a foreign language community, in line with the rules and traditions of intercultural professional communication with native speakers	Indicator 1 Knows the conventions of foreign community communication in diverse situational contexts
		Indicator 2 Masters comprehensive tools for interlingual and intercultural interaction in line with the rules and traditions of intercultural professional communication with native speakers
GPC-7	Can work with the major search engines, expert systems and other knowledge systems as well as systems of verbal information processing	Indicator 1 Knows major search engines, expert systems for knowledge representation and verbal information processing
		Indicator 2 Masters comprehensive digital tools for knowledge representation and verbal information processing
PC-3	Can conduct legal translation in compliance with the norms of the target text, as well as preserving the meaning and functional purpose of the source text	Indicator 1. Knows the general standards and specifics of various genres of legal documents (with reference to the working language pair) for legal translation
		Indicator 2. Masters the strategy and tactics of translating standard genres of legal texts

On completion of the Course the student

- knows basic concepts and terms (English – Russian, Russian-English) of Criminal Law from the comparative angle
- knows basic linguistic phenomena of all language levels, functioning principles and varieties of the language under study in texts of Criminal Law domain

- knows basic strategies and tactics of creating texts of professional importance in Criminal Law domain
