1. EDUCATIONAL PROGRAMME GOAL (MISSION)

The educational program aims **to** develop students' personal qualities, the formation of universal, general professional competencies in accordance with the requirements of the Educational Standard of Higher Education of RUDN University in the direction of training 40.04.01 "Jurisprudence" qualification "Master", as well as professional competencies within the profile - **"International Private Law"**.

Within the framework of the orientation (profile), an in-depth study of the main institutions of private international law, the study of the general theory and fundamental principles of private international law, the qualification of relations in this area, the study of the features of the regulation of cross-border relations of a private law nature, as well as the study of foreign and cross-border experience are carried out; formation of skills of expert consulting activities and conducting legal research in the field of private international law; formation of skills in teaching legal disciplines and legal education.

The mission of the EP is to train highly qualified, competitive specialists with the necessary competencies and qualities, with a high level of legal culture and legal awareness, demanded by the modern labor market, the state and society.

2. EDUCATIONAL PROGRAMME RELEVANCE, SPECIFICITY, AND UNIQUENESS

Graduates gain knowledge and skills in law enforcement, consulting, research, and teaching activities in the field of law.

The types of professional activity of the graduate are the implementation of legal norms in the field of private international law, the application of regulatory legal acts in this field of legal activity, the implementation of the norms of private international law, the performance of official duties to ensure the provision of qualified legal support, giving advice on legal issues both orally and in writing; preparation of documents of a legal nature; organization and conduct of legal research, teaching of legal disciplines, including the management of the student's independent work.

The emphasis in training is on mastering the skills of analytical work with legal material; methods of legal technique in law enforcement; The program is unique in its interdisciplinary focus and research potential.

The venue of the program is the Law Institute of the Peoples' Friendship University of Russia (Moscow, Russia).

3. LABOUR MARKET NEEDS FOR PERSONNEL TRAINING IN EDUCATIONAL PROGRAMME PROFILE

The demand for graduates of the educational program in the labor market is one of the most important indicators of the effectiveness of training, which is ensured through close interaction with potential consumers of graduates at the regional and federal levels. Permanent partners are courts of general jurisdiction and arbitration courts, as well as foreign consulting companies. Upon completion of training, graduates will be able to successfully work in positions of the state (municipal) service, in the legal departments of commercial organizations; in international and Russian legal consulting companies. The fundamental knowledge and research skills acquired within the framework of this master's program allow graduates to further carry out scientific research in the field of law, to teach legal disciplines.

4. SPECIAL REQUIREMENTS FOR POTENTIAL APPLICANTS

Persons with higher education, confirmed by a state-recognized document on higher education (qualification bachelor or specialist), are allowed to master the master's program.

Admission to master's programs is carried out on a competitive basis based on the results of the entrance exam (portfolio).

Admission to the educational program is carried out on the basis of a competitive selection, for which the applicant, in accordance with the annually approved Rules for admission to the Peoples' Friendship University of Russia for applicants for training in educational programs of higher education - master's programs, submits: a) a package of documents forming the applicant's personal file and b) a portfolio, which is evaluated by the examination commission during the entrance test.

5. FEATURES OF THE IMPLEMENTATION OF EP VO

5.1. EP HE is implemented without the *use* of e-learning / distance learning technologies.

5.2. The language of implementation of the EP HE is *English*.

5.3. The program can be adapted for people with disabilities and persons with disabilities.

5.4. The EP of HE is implemented by the Law Institute of the Peoples' Friendship University of Russia Named after Patrice Lumumba.

Information about partner organizations involved in the implementation of the EP HE (*educational and scientific organizations, manufacturing enterprises, etc.*)

Name Partner organizations	Functional Interaction

7.3. The list of generalized labor functions and labor functions related to the professional activity of a graduate of the EP HE, in accordance with which the program has been developed *

Code and name prof. Standard	Generalized labor functions			Labor functions		
	code	name	Skill level	Name	code	level (sublevel) of qualification
-	-	-	-	-	-	-

* - the wording of labor functions is taken from the relevant Professional Standards (if any).

7. CHARACTERISTICS OF EDUCATIONAL PROGRAMME GRADUATE'S PROFESSIONAL ACTIVITIES

7.1. At the end of the development of the EP VO, the graduate must have the following universal competencies (UC):

Name of the category (group) of general professional competencies	Code and name of the Code	Code and name of the competency achievement indicator
Systems & Critical Thinking	UC-1. Able to carry out a critical analysis of problem situations on the basis of a systematic approach, to develop a strategy of action.	UC-1.1. Analyzes the problem situation as a system, identifying its components and the connections between them; UC-1.2. Identifies gaps in the information necessary to solve the problem situation, and designs processes to eliminate them; UC-1.3. Critically evaluates the reliability of information sources, works with contradictory information from different sources; UC-1.4. Develops and meaningfully argues a strategy for solving a problem situation based on systematic and interdisciplinary approaches, sets out an assessment of the prospects and risks of implementing this strategy;

		UC-1.5. Uses logical and methodological tools for critical evaluation of modern concepts of a philosophical and social nature in his subject area.
Development and implementation of projects	UC-2. Able to manage the project at all stages of its life cycle.	UC-2.1 Formulates on the basis of the problem the project task and the method of its solution through project management; UC-2.2. Develops the concept of the project within the framework of the designated problem: formulates the goal, objectives, justifies the relevance, significance, expected results and possible areas of their application; Within the framework of the tasks set, it plans the necessary resources, including taking into account their substitutability; UC-2.4. Develops a project implementation plan using planning tools; UC-2.5. Monitors the progress of the project, corrects deviations, makes additional changes to the project implementation plan, clarifies the areas of responsibility of the project participants.
Teamwork & Leadership	UC-3. Able to organize and lead the work of the team, developing a team strategy to achieve the goal.	UC-3.1. Develops a strategy for cooperation and, on its basis, organizes the selection of team members to achieve the goal; UC-3.2. Plans and adjusts the work of the team, taking into account the interests, behavior and opinions of its members; Resolves conflicts and contradictions in business communication on the basis of taking into account the interests of all parties; Organizes discussions on a given topic and discussion of the results of the team's work with the involvement of opponents developed ideas; UC-3.5. Plans teamwork, assigns assignments, and delegates authority to team members.
Communication	UC-4. Able to apply modern communication technologies in the state language of the Russian Federation and foreign language(s) for academic and professional interaction.	UC-4.1. Establishes and develops professional contacts in accordance with the needs of joint activities, including the exchange of information and the development of a unified interaction strategy; Compiles, translates and edits various academic texts (essays, essays, reviews, articles, etc.), including in a foreign language; Presents the results of academic and professional activities at various public events, including

		<p>international ones, choosing the most appropriate format;</p> <p>UC-4.4. Reasonably and constructively defends his positions and ideas in academic and professional discussions in the state language of the Russian Federation and a foreign language.</p>
Intercultural interaction	<p>UC-5. Able to analyze and take into account the diversity of cultures in the process of intercultural interaction.</p>	<p>UC-5.1. Analyzes the most important ideological and value systems formed in the course of historical development; justifies the relevance of their use in social and professional interaction;</p> <p>UC-5.2. Builds social professional interaction, taking into account the characteristics of the main forms of scientific and religious consciousness, business and general culture of representatives of other ethnic groups and faiths, various social groups;</p> <p>UC-5.3. Ensures the creation of a non-discriminatory environment for interaction in the performance of professional tasks.</p>
Self-organization and self-development	<p>UC-6. Able to determine and implement the priorities of their own activities and ways to improve them on the basis of self-esteem.</p>	<p>UC-6.1. Assesses its resources and their limits (personal, situational, temporary), optimally uses them for the successful completion of the assigned task;</p> <p>UC-6.2. Determines the priorities of professional growth and ways to improve their own activities on the basis of self-assessment according to the selected criteria;</p> <p>UC-6.3. Builds a flexible professional trajectory using the tools of continuing education, taking into account the accumulated experience of professional activity and the dynamically changing requirements of the labor market.</p>
Digital literacy	<p>UC-7. Able to: search for the necessary sources of information and data, perceive, analyze, memorize and transmit information using digital means, as well as using algorithms when working with data obtained from various sources in order to effectively use the information received to solve problems; evaluate information, its reliability, build logical conclusions</p>	<p>UC-7.1. Searches for the necessary sources of information and data, perceives, analyzes, remembers and transmits information using digital means, as well as using algorithms when working with data obtained from various sources in order to effectively use the information received to solve problems;</p> <p>UC-7.2. Conducts an assessment of information, its reliability, builds logical conclusions based on incoming information and data</p>

	based on incoming information and data

7.2. At the end of the development of the EP VO, the graduate must have the following general professional competencies (OPK):

Name of the category (group) of general professional competencies	Code and name of the defense industry	Code and name of the competency achievement indicator
Legal analysis	UPC-1. Able to analyze non-standard situations of law enforcement practice and offer the best solutions to them.	UPC-1.1. Has general and special knowledge to identify and solve non-standard situations (situations in which uniform approaches to the application of law are not formed) in law enforcement practice; Analyzes non-standard situations in law enforcement practice, including identifying legal and other causes and/or conditions for their occurrence; UPC-1.3. Develops optimal options for solving non-standard situations of law enforcement practice, taking into account possible legal consequences and formalizes these decisions in the form prescribed by law.
Due diligence	UPC-2. Able to independently prepare expert legal opinions and conduct an examination of regulatory (individual) legal acts.	UPC-2.1. Knows the rules for the preparation of expert legal opinions and the rules for conducting an examination of regulatory (individual) legal acts; UPC-2.2. Able to independently conduct a legal examination of regulatory (individual) legal acts; UPC-2.3. Possesses the skills of preparing and executing expert legal opinions and conducting examinations of regulatory (individual) legal acts.
Interpretation of law	UPC-3. Able to competently interpret legal acts, including in situations where there are gaps and conflicts of law.	UPC-3.1. Knows the essence and specifics of the methods and methods of interpretation of legal acts, ways to eliminate gaps and conflicts in the law; UPC-3.2 Has the skills to interpret regulatory legal acts, including in situations where there are gaps and conflicts of law UPC-3.3 Provides qualified explanations on the content and application of legal norms
Legal reasoning	UPC-4. Able to argue in writing and orally the legal position on the case, including in adversarial proceedings.	UPC-4.1. Knows the content of basic and specific legal concepts, terms and definitions, is able to use them to build an oral and written position on a specific legal problem; UPC-4.2. Knows how to argue in writing and orally the legal position on the case,

		including taking into account the principle of adversarial proceedings; UPC-4.3. Possesses the skills of drafting legal documents on the case and the skills of public speaking with the argumentation of the position for professional polemics in the trial.
Legal Letter	UPC-5. Able to independently draw up legal documents and develop drafts of regulatory (individual) legal acts.	UPC-5.1. Possesses general and specific legal knowledge necessary for the preparation of legal documents for various purposes and the development of draft regulatory (individual) legal acts; UPC-5.2. Independently draws up legal documents and develops drafts of regulatory (individual) legal acts UPC-5.3. Possesses the skills of drafting legal documents and drafting regulatory (individual) legal acts in accordance with the profile of his professional activity
Professional Ethics	UPC-6. Able to ensure compliance with the principles of ethics of a lawyer, including taking measures to prevent corruption and suppress corruption (other) offenses.	UPC-6.1. Knows the specifics of ethical standards in professional legal activity; UPC-6.2. Ensures compliance with the principles of ethics in specific types of legal activities, including taking measures to prevent corruption and suppress corruption (other) offenses; UPC-6.3. Possesses systematic skills in ensuring compliance with the principles of ethics of a lawyer, including taking measures to prevent corruption and suppress corruption (other) offenses.
Information Technology	UPC-7. Able to apply information technology and use legal databases to solve problems of professional activity, taking into account the requirements of information security.	UPC-7.1. Knows the basic information technologies and legal frameworks for solving problems in various areas of legal activity; UPC-7.2. Applies information technology and uses legal databases to solve problems of professional activity, taking into account the requirements of information security; UPC-7.3. Possesses the skills of information service and data processing to solve the problems of professional activity, taking into account the requirements of information security.

7.3. The list of professional competencies (PC)* that a graduate who has fully mastered the EP HE must have:

PC code and name	Code and name of the competency achievement indicator	Code and name of the professional standard on the
------------------	---	---

		basis of which the PC is formulated
Area: 01. Education and science		
PC-1. Able to teach legal disciplines at a high theoretical and methodological level in the fields of: vocational training, secondary vocational and higher education, additional education.	PC-1.1. Knows teaching methods, methods, forms and means of teaching and the specifics of teaching legal disciplines; PC-1.2. Knows how to select rational forms, methods and means of teaching, plan and conduct training sessions of any type, manage the cognitive activity of students and diagnose learning outcomes; PC-1.3. He has the skills of teaching legal disciplines at a high theoretical and methodological level.	Not approved
PC-2. Able to competently conduct scientific research in the field of law.	PC-2.1. Knows the procedure and rules for the substantive and technical design and presentation of the results of various types of research work in various branches of law; PC-2.2. Knows how to correctly conduct and formalize the results of scientific research in various branches of law; PC-2.3. Possesses the skills to conduct scientific research in various branches of law;	Not approved
Area: 09. Jurisprudence		
PC-3. Able to competently apply the norms of substantive and procedural law in specific areas of legal activity.	PC-3.1. Knows the specifics of legal regulation and law enforcement practice in specific areas of legal activity; PC-3.2. Correctly establishes legal facts, as well as facts and circumstances of legal significance, carries out their comprehensive analysis, taking into account the specifics of the evidentiary process in specific areas of legal activity; PC-3.3. Correctly carries out legal qualifications, correctly and reasonably applies the norms of substantive and procedural law in professional activities; PC-3.4. Makes a law enforcement decision in the form prescribed by law in compliance with its industry affiliation, requirements for the structure, procedure for adoption and competence of the subject of law enforcement.	Not approved
PC-4. Able to provide qualified legal advice in specific areas of legal activity	PC-4.1. Knows the specifics and methodology of consulting in specific areas of legal activity; PC-4.2. Provides qualified advice in specific areas of legal activity; PC-4.3. Possesses the skills of legal advice in specific areas of legal activity;	Not approved

* - PC is formulated by the developer of the program, taking into account the requirements of professional standards and the orientation of the educational programme.
