## **1. EDUCATIONAL PROGRAMME GOAL**

The mission (social significance) of the program 5.6 “Historical Sciences”, specialty 5.6.7. - “History of international relations and foreign policy” is training of highly qualified personnel (postgraduate study) - training of researchers, teachers and researchers who are able to carry out scientific research activities in the field of history, international relations and foreign policy, as well as teaching activities in educational programs of higher education, taking into account modern requirements.

Task of the program is training of highly qualified specialists, development of students' personal qualities that meet the requirements for work in higher education institutions, research organizations and other structures that carry out scientific research and training of citizens.

The content of specialization is the study of history of international relations and foreign policy, as well as the patterns and features of development of the modern system of international relations, the main priorities of foreign policy of various countries, including Russia. Within the framework of the specialty, the activities of various international intergovernmental and non-governmental organizations, associations, socio-political movements, military blocks are investigated. The whole set of historical sources is studied, including archival materials, contracts, agreements and other diplomatic documents, media materials, memoirs, and statistical data.

An important role in practical application of theoretical knowledge and formation of skills is played by pedagogical internship, scientific research and language and specialized internships. Postgraduate students are actively involved in research work, participate in international scientific and practical conferences, publish their work in various collections and journals, including the Vestnik RUDN and publications indexed in Scopus and the Web of Science.

In the course of mastering the program, graduate students carry out an original scientific research and, by the end of their studies, prepare the text of the thesis for presentation.

## **2. BRIEF SUMMARY OF THE PROGRAMME**

The programme "History of International Relations and Foreign Policy: International Affairs" explores the development and evolution of global interactions among states, organizations, and non-state actors. It examines key historical events, diplomatic strategies, and policy decisions that have shaped international relations over time. The course covers topics such as the origins of diplomacy, major conflicts, treaties, the rise of international institutions, and contemporary foreign policy challenges. It aims to provide students with a comprehensive understanding of how historical contexts influence current international affairs and foreign policy decisions.

## **3. LABOR MARKET NEEDS FOR PERSONAL TRAINING IN EDUCATIONAL PROGRAMME PROFILE**

Graduates of the program for training highly qualified scientific and pedagogical personnel carry out labor activity in the central apparatus of the Russian Foreign Ministry, foreign embassies and consulates, in diplomatic institutions of foreign countries, in international organizations, commercial firms, research centers, universities in Russia and abroad.

Graduate students who have mastered the program “Historical Sciences and Archeology” in the specialty “History of international relations and foreign policy” can be in demand by management structures of various levels, party-political and public organizations. The media may be interested in them, as well as institutions in charge of intercultural interaction, the development of international relations and tourism.

Potential employers: organizations associated with international activities (Foreign Ministry, embassies, consulates, centers and funds for cultural cooperation with foreign countries, international

organizations), local and state authorities; regional and republican self-government; public organizations; mass media (TV, newspapers, journals, Internet portals); archives, museums, libraries; tourist and excursion organizations; expert analysis centers; educational institutions of higher education; academic institutions (institutes of the Russian Academy of Sciences).
