Table 2.1. List of competences that students acquire through the course study

Competence code	Competence descriptor	Competence formation indicators (within this course)
UC-7	UC-7. Able to: search for the necessary sources of information and data, perceive, analyze, memorize and transmit information using digital means, as well as using algorithms when working with data received from various sources in order to effectively use the information received to solve problems; evaluate information, its reliability, build logical conclusions based on incoming information and data	UC-7.1. Searches for the necessary sources of information and data, perceives, analyzes, memorizes and transmits information using digital means, as well as using algorithms when working with data received from various sources in order to effectively use the information received to solve problems; UC-7.2. Evaluates information, its reliability, builds logical conclusions based on incoming information and data.
GPC-1	GPC-1. Able to analyze non-standard situations of law enforcement practice and offer the best options for their solution	GPC-1.1. Possesses general and special knowledge to identify and resolve non-standard situations (situations in which uniform approaches to the application of the law have not been formed) in law enforcement practice; GPC-1.2. Analyzes non-standard situations in law enforcement practice, including identifying legal and other causes and/or conditions for their occurrence; GPC-1.3. Develops optimal options for solving non-standard situations of law enforcement practice, taking into account possible legal consequences and draws up these decisions in the form prescribed by law.
GPC-2	GPC-2. Able to independently prepare expert legal opinions and conduct an examination of normative (individual) legal acts	GPC-2.1. Knows the rules for preparing expert legal opinions and the rules for conducting an examination of normative (individual) legal acts; GPC-2.2. Able to independently conduct a legal examination of normative (individual) legal acts; GPC-2.3. Possesses the skills of preparation and execution of expert legal opinions and expert examinations of normative (individual) legal acts.
GPC-3	GPC-3. Able to competently interpret legal acts, including in situations	GPC-3.1. Knows the essence and specifics of the ways and methods of interpreting legal acts, ways to eliminate gaps and conflicts in law;

Competence code	Competence descriptor	Competence formation indicators (within this course)
	where there are gaps and conflicts of law	GPC-3.2 Has the skills to interpret legal acts, including in situations where there are gaps and conflicts of law GPC-3.3 Gives qualified explanations on the content and application of the law
GPC-4	GPC-4. Able to argue in writing and orally the legal position on the case, including in adversarial processes	GPC-4.1. Knows the content of basic and specific legal concepts, terms and definitions, is able to use them to build an oral and written position on a specific legal problem; GPC-4.2. Able to argue in writing and orally the legal position on the case, including taking into account the principle of adversarial proceedings; GPC-4.3. Possesses the skills of drafting legal documents on the case and the skills of public speaking with the argumentation of the position for the professional conduct of polemics in the trial.
GPC-5	GPC-5. Able to independently draw up legal documents and develop drafts of normative (individual) legal acts	GPC-5.1. Possesses general and specific legal knowledge necessary for the preparation of legal documents for various purposes and the development of draft normative (individual) legal acts; GPC-5.2. Independently draws up legal documents and develops drafts of normative (individual) legal acts GPC-5.3. Possesses skills in drafting legal documents and drafting normative (individual) legal acts in accordance with the profile of his professional activity
GPC-7	GPC-7. Able to apply information technologies and use legal databases to solve problems of professional activity, taking into account the requirements of information security	GPC-7.1. Knows the basic information technologies and legal bases for solving problems in various areas of legal activity; GPC-7.2. Applies information technologies and uses legal databases to solve the problems of professional activity, taking into account the requirements of information security; GPC-7.3. Owns the skills of information service and data processing to solve the problems of professional activity, taking into account the requirements of information security.
PC-3	PC-3. Able to skillfully apply the norms of substantive and procedural law in specific areas of legal activity	PC-3.1. Knows the specifics of legal regulation and law enforcement practice in specific areas of legal activity; PC-3.2. Correctly establishes legal facts, as well as facts and circumstances of legal significance, carries out their comprehensive analysis, taking into account the specifics of the evidence process in specific areas of legal activity; PC-3.3. Correctly carries out legal qualification, correctly and reasonably applies the norms of substantive and procedural law in professional activities; PC-3.4. Takes a law enforcement decision in the form prescribed by law in compliance with its sectoral affiliation, requirements for the structure,

Competence code	Competence descriptor	Competence formation indicators (within this course)
		procedure for adoption and competence of the subject of law enforcement.
PC-4	PC-4. Able to provide qualified legal advice in specific areas of legal activity	PC-4.1. Knows the specifics and methodology of consulting in specific areas of legal activity; PC-4.2. Provides qualified advice in specific areas of legal activity; PC-4.3. Possesses the skills of legal consulting in specific areas of legal activity

3.COURSE IN HIGHER EDUCATION PROGRAMME STRUCTURE

The course refers to the elective component of (B1) block of the higher educational programme curriculum.

Within the higher education programme students also master other (modules) and / or internships that contribute to the achievement of the expected learning outcomes as results of the course study.
