**Federal State Autonomous Educational Institution of Higher Education
PEOPLES' FRIENDSHIP UNIVERSITY OF RUSSIA NAMED AFTER PATRICE
LUMUMBA
RUDN University**

ENGINEERING ACADEMY

(educational division (faculty/institute/academy) as higher education programme developer)

INTERNSHIP SYLLABUS

Pedagogical practice

(internship title)

Recommended by the Didactic Council for the Education Field of:

1.6.9. Geophysics

1.6.10. Geology, prospecting, and exploration of solid minerals, minerageny

1.6.11. Geology, prospecting, exploration and exploitation of oil and gas fields

2.6.12. Chemical technology for fuels and high-energy substances

2.8.4. Development and operation of oil and gas fields

(field of studies / speciality code and title)

The student's internship is implemented within the professional education programme of higher education:

Geophysics

Geology, prospecting, and exploration of solid minerals, minerageny

Geology, prospecting, exploration and exploitation of oil and gas fields

Chemical technology for fuels and high-energy substances

Development and operation of oil and gas fields

(higher education programme profile/specialisation title)

1. INTERNSHIP GOAL(s)

Pedagogical practice is aimed at the formation and development of competencies in graduate students in accordance with the level of education and professional standard; development of teaching skills in the field of theoretical mechanics, machine dynamics and related areas of technical knowledge in higher education; acquisition of skills of work in the scientific and pedagogical team.

The main tasks of pedagogical practice are:

- to study the methods and techniques of teaching and education in higher education;
- learn how to conduct classes in technical disciplines;
- master the primary skills of modeling classes, drawing up programs and projects, planning individual classes and predicting a special course, choosing an effective organization strategy.

2. INTERNSHIP WORKLOAD

The total workload of the internship is 5 credits (180 academic hours).

3. INTERNSHIP CONTENTS

Name of section of the practice	Section content (topics, practical activities)	Labour input, hours per week
3 term		
Section 1: Organisational and preparatory	Receipt of an individual practical assignment from the supervisor	2
	A safety briefing in the workplace (laboratory and/or production)	2
Section 2: Substantive	Familiarisation with the training activities of the mechanics and mechatronics department	8
	Develop training materials	12
	Carry out the lessons and implement the training tools developed	40
	Keeping the Internship diary	2
Section 3: Reporting	Preparing the presentation of the internship	4
	Intermediate assessment (preparation and presentation)	2
4 term		
Section 1: Organisational and preparatory	Receipt of an individual practical assignment from the supervisor	2
	A safety briefing in the workplace (laboratory and/or production)	2
Section 2: Substantive	Familiarisation with the training activities of the mechanics and mechatronics department	8
	Develop training materials	16
	Carry out the lessons and implement the training tools developed	60
	Supervise the supervision of the traineeship	2
	Keeping the Internship diary	9
Preparation for defence and defence of the internship report		9
TOTAL:		180

4. INTERNSHIP EQUIPMENT AND TECHNOLOGY SUPPORT REQUIREMENTS

For the successful implementation of Pedagogical practice, you need: a workplace, a computer, a printer, a library fund.

There is access to computer classes for processing materials collected by a graduate student

during the practice.

The library fund should provide graduate students with basic literature in the amount of 0.5 copies per person.

Postgraduate students are also given the opportunity to use the Internet in an educational institution.

5. INTERNSHIP LOCATION AND TIMELINE

"Pedagogical internship can be carried out both in the structural divisions of PFUR or in Moscow organizations (stationary) and on the bases outside Moscow (offsite).

Practical training on the basis of an external organization (outside the PFUR) is carried out on the basis of a corresponding agreement, which specifies the terms, place and conditions of practical training in the base organization.

The internship dates correspond to the period specified in the calendar of the postgraduate programme. The deadlines can be adjusted in agreement with the Department of Educational Policy and the Department of Internships and Student Employment at PFUR.

6. RESOURCES RECOMMENDED FOR INTERNSHIP

Main readings:

Development of professionalism of higher school teacher. textbook. V.S. Agapov [et al.].- M.: Publishing house of RAGS, 2017.
