**Federal State Autonomous Educational Institution of Higher Education
PEOPLES' FRIENDSHIP UNIVERSITY OF RUSSIA
NAMED AFTER PATRICE LUMUMBA
RUDN University**

Faculty of Philology

(educational division (faculty/institute/academy) as programme developer)

Department of Foreign Languages / Department of General and Russian Linguistics

(department realizing the PhD program)

INTERNSHIP SYLLABUS

Pedagogical Training

(internship type)

Scientific specialty:

5.9.8. Theoretical, Applied and Comparative Linguistics

(scientific speciality code and title)

The PhD student's internship is implemented within the PhD programmes:

Theoretical, Applied and Comparative Linguistics

(PhD program title)

1. INTERNSHIP GOALS

The aim of the Internship is to develop professional competencies through direct participation in pedagogical work, as well as the acquisition of professional competencies necessary to work in the professional sphere.

Main objectives: consolidation of knowledge and skills acquired in the process of studying the disciplines of the scientific specialty "Media communications and journalism"; formation of postgraduate students' motivation for pedagogical activity; acquisition of experience of independent pedagogical activity; acquisition of additional information on modern means and technologies of teaching and education in Higher School.

2. REQUIREMENTS FOR LEARNING OUTCOMES

The purpose of the " Pedagogical Training " is to develop competencies in scientific-methodological and educational-methodological work: skills in structuring and transforming scientific knowledge into educational materials, systematizing educational and instructional tasks; methods and techniques for designing assignments, exercises, and tests on various topics; oral and written presentation of subject matter; and familiarity with various educational technologies.

The training includes methodological work carried out by the doctoral student under the supervision of their academic advisor, as well as the doctoral student's direct participation in conducting classes in one or more specialized disciplines. The Teaching Practice takes place in the second year of the doctoral program.

3. INTERNSHIP WORKLOAD

The overall workload of the internship is 6 credits (216 academic hours).

4. INTERNSHIP CONTENTS

Stages of internship	Content of the units (topics)	Workload, acad. hours
Section 1. Introduction	Introductory meeting: giving instructions on the forms, types of work during pedagogical training	2
	Instructions on safety regulations at workplace	2
	Pedagogical practice necessary documentation	2
Section 2. General Activities	Postgraduate student visit classes of the supervisor, as well as classes of other teachers of the department as agreed with the supervisor in order to observe the learning process, get acquainted with the forms and methods of teachers' training sessions (lectures, seminars, practical classes, tests, exams, etc.).	36
	Preparation of didactic and illustrative materials, computer presentations, development and duplication of handouts for students.	30
	Reading specialized and educational-methodological literature and compiling methodological developments for each of the planned lesson topics, including a detailed plan, scenario of each lesson	36
	Teaching classes (lectures, seminars, practical classes on the topics of the postgraduate programme and other types of work) according to the pre-arranged schedule of the postgraduate pedagogical practice	36
	Analysis of each delivered session in discussion with the subject supervisor and other teachers who were present at the session	5

	Supervisor current assessment	10
	Completion of pedagogical practice diary by a postgraduate student with indication of dates and types of work performed during the preparatory stage of practice.	10
	Consultation with department pedagogical staff	11
Section 3. Intermediate certification	Editing the practice report	26
	Submitting and defending the practice report	10
Total academic hours of internship:		216

5. INTERNSHIP EQUIPMENT AND TECHNOLOGY SUPPORT REQUIREMENTS

The place of internship shall comply with the current sanitary and epidemiological requirements, fire safety regulations and standards of health protection of the students.

It requires classrooms that meet the safety requirements for academic work, if necessary, a computer room with workstations that provide Internet connection, as well as classrooms with multimedia equipment.

6. INTERNSHIP LOCATION AND TIMELINE

Internship can be carried out both in structural subdivisions of RUDN University or in organizations of Moscow (stationary), and at bases located outside of Moscow (exit).

Conducting internship on the basis of an external organization (outside RUDN University) is carried out on the basis of an appropriate agreement, which specifies the terms, place and conditions for performing scientific research in the base organization.

The deadlines for the internship implementation correspond to the period indicated in the calendar academic schedule of the postgraduate program. Internship dates can be adjusted in coordination with the Department of Doctoral Studies of the RUDN University.
